Phone: (504) 862-2992

Email: [randy.j.marchiafava@usace.army.mil](mailto:randy.j.marchiafava@usace.army.mil)

Date of Event: 01/27/2011

Time: 8:00 am

Purpose of Event: SBA is teaming with NASA, the NASA Michoud Facility, to host a business conference. SBA wants to bring large business, small business, state and federal agencies together to highlight business opportunities. I'd like to know if you guys would like to host a booth for this event. I like to have a total wildlife section of vendors and agencies. LA Dept of WF, US WF, and any other wildlife groups, or associations you may know; crabbers association. shrimpers association, Ducks Unlimited or whatever. SBA would like to bring to the attention of our fishing industry, and wildlife folks, to everyone at our conference. The fishing industry needs attention after the oil spill and we'd like to give them a forum for public display. I'm not looking for a speaker, I'm looking for groups to set up booths at our event and talk to people. It's looking like this is going to be a really big event. Many federal agencies will be there as well as many very large business firms; aerospace industry, constructions industry and more. Please call me if you are interested.

Location (City and Parish): New Orleans East, Orleans Parish

Topic: Public Outreach
